Presents
The Wolfensohn Gift Suitcase

Wolfensohn Gift Suitcase

Casa would like to offer you the opportunity to experience and explore the 'travelling suitcases', from the National Gallery of Australia, which hold a selection of fascinating hands-on art and design objects.

The **Red** suitcase engages in the Myths and Rituals of the world—it holds objects that express a spiritual idea or belief that have been handed down through many generations

The **Yellow** suitcase holds objects that reflect individual expressive concerns using a range of materials and processes.

The program is provided **free of charge** as Casa's commitment to providing opportunities for those with a disability

Available dates: Monday 19th—Friday 30th July 2010

Bookings; Contact Simone Guascoine - 89534311
